

Kids Crafts @Chingawassa

Provided by Marion High School Visual Art Students

Craft Project:

Kids will get a printed 4" by 4" coloring page (image designed to fit this year's theme). Using color pencils, kids may customize their design.

Design will then be cut out and glued to a 4" ceramic tile. Tile will be sealed with acrylic medium and child will have their very own Chingawassa Coaster!

Face Painting:

Kids will have a choice between multiple small designs, or one of several full face designs.

These activities are FREE of charge thanks to sponsorship by Marion Parks and Recreation
